Candidate Statement:

Representing the Western District of the MPTA has been a wonderful position the last four years. I have learned so much from leading my part of the state. The experience I have gained in this role as well as my experience with Parliamentary Procedure gained during my terms in the House of Delegates positions me well for the roll of Speaker of the Membership. My years on the MPTA Board of Directors has familiarized me with the importance the Speaker holds in running the Membership meeting and representing the will of the Membership to the Board of Directors, as well as maintaining order and proper procedure throughout the gatherings of both bodies. We all know I rarely need a microphone when speaking, and I'd be honored to continue to represent the Membership of the entire MPTA as your Speaker.
